

MANATEE COUNTY

Florida

POPULAR REPORT

A FINANCIAL SUMMARY FOR ITS CITIZENS

FISCAL YEAR ENDED SEPTEMBER 30, 2003

MANATEE COUNTY

Florida

The Manatee County Popular Report spotlights the County’s abundant water resources this year. From our beaches and deepwater port on the Gulf of Mexico to our rivers and lakes, Manatee County is blessed with many water resources.

Whether you’re sailing, canoeing, fishing, surfing, splashing, scuba diving, parasailing, building a terrific sandcastle or just walking the beach, there’s something for everyone at Manatee County’s beaches.

Port Manatee is the fifth largest of Florida’s 14 deepwater seaports. A source of commerce and employment for Manatee County, the Port has a local annual economic impact of \$2.3 billion.

Lake Manatee reservoir and dam, coupled with aquifer storage/recovery wells, and deep wellfields in the 23,000 acre Duette Park Watershed Conservation Area combine to provide us with a secure and guaranteed source of drinking water.

Manatee has several large rivers, miles of navigable canals and numerous small lakes that afford refuge to a variety of wildlife as well as a safe harbor for boating enthusiasts. Manatee County residents cherish these many water resources. It is the goal of government and citizen alike to maintain, nourish, protect and appreciate all of these vital county assets.

2002 - 2003

CLERK OF THE CIRCUIT COURT

Accomplishments at a Glance

- Collected nearly \$19,000,000 in child support for the children of Manatee County. Manatee County exceeds all state averages for new support orders, amounts collected in child support and child support arrears collections.
- Completed the process of automating access to some of the child support legal documents available directly off of the Department of Revenues statewide child support system.
- Became a team member of a committee charged by the Legislature and Governor with developing a new statewide child support computer system.
- Completed installation of imaging for civil, traffic and criminal case files, which creates a time savings for clerks when answering questions and allows for public viewing over the Internet.
- Installed a digital recording system in Juvenile Court and Board Records that allows proceedings to be recorded to our network and compact disk.
- Received our 24th consecutive Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) for our 2002 Comprehensive Annual Financial Report.
- Received our 5th consecutive Award for Outstanding Achievement in Popular Annual Financial Reporting for our 2002 Popular Report, from the GFOA.
- Began implementing court related funding and collections reporting changes mandated by the State Legislature for state fiscal years beginning July 1, 2003. This legislation is the result of a referendum which calls for state funding of the state courts system.
- Assisted the County in obtaining Aa3 and AA+ ratings from Moody's and Fitch rating services on the County's general obligation bonds, placing Manatee County among the highest rated counties in Florida. The County's public utilities system is rated Aa3 and AA, also among the highest.
- Foster Care Citizens Review provided reviews this year of 401 Manatee County children, using 38 volunteers serving on 7 panels.
- 1,131 students participated in the Manatee County History Fair with 834 fair entries. The History Fair is hosted each year by our Historical Resources Department.
- Palmetto Heritage Park and Manatee County Agricultural Museum completed the first year of their school tour program. 2,870 Manatee County children visited these historic facilities.
- An estimated 500 children ages 10 to 17 successfully completed Teen Court and Teen Court Too programs this year. These programs reduce the caseload for the County's juvenile judges and save the State of Florida an estimated \$1.8 million yearly.

A MESSAGE FROM CHIPS SHORE

Manatee County Clerk of the Circuit Court and Comptroller

Manatee County's Popular Report gives the citizens of our community a snapshot of the county's financial performance and well-being, for the fiscal year ended September 30, 2003. The format is designed to be straightforward and easy-to-read.

For anyone who is interested in our county's fiscal stability, I invite you to read this report. Written for the non-financial reader, the report contains valuable, summarized information for every resident.

In addition to the Popular Report, the Finance Department of the Clerk of the Circuit Court also produces the more detailed Comprehensive Annual Financial Report (CAFR). The CAFR meets stringent government standards and is evaluated by bond rating agencies to assess Manatee County's financial stability and to determine interest and insurance rates.

For the 24th consecutive year, our CAFR has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association. While the responsibility for the accuracy of all data lies with me, the recognition of receiving this prestigious award goes to our Finance Department.

It is an exciting time to live in Manatee County. Our area is evolving and growing as more people recognize the beauty of our county and our resources. From pristine beaches to a strong local economy, Manatee County has much to offer all its residents. At the Clerk's Office, we are proud to live in Manatee County and we are pleased to give you your County's financial "report card" in an accurate and timely fashion. All four financial reports, the Popular Report, the CAFR, Port Manatee and the Utilities System reports, are available on-line at www.ManateeClerk.com and in hardcopy. Hardcopies of the CAFR and the annual reports for Port Manatee and Manatee County's Public Utilities System are available by contacting our Finance Department at (941) 749-1800 ext. 6102.

Growth and change offer us opportunities to improve. If you have comments or suggestions on how we can improve our Popular Report, please contact my office by phone at (941) 741-4002 or by visiting our web site at www.ManateeClerk.com.

Respectfully,

R. B. "Chips" Shore
Clerk of the Circuit Court and Comptroller

Award for Outstanding Achievement in Popular Annual Financial Reporting

PRESENTED TO

**MANATEE COUNTY,
FLORIDA**

For the fiscal year ending
September 30, 2002

Edward Harrington
President

Jeffrey L. Esser
Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to Manatee County, Florida for its Popular Annual Financial Report for the fiscal year ended September 30, 2002. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports.

In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability and reader appeal.

An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA.

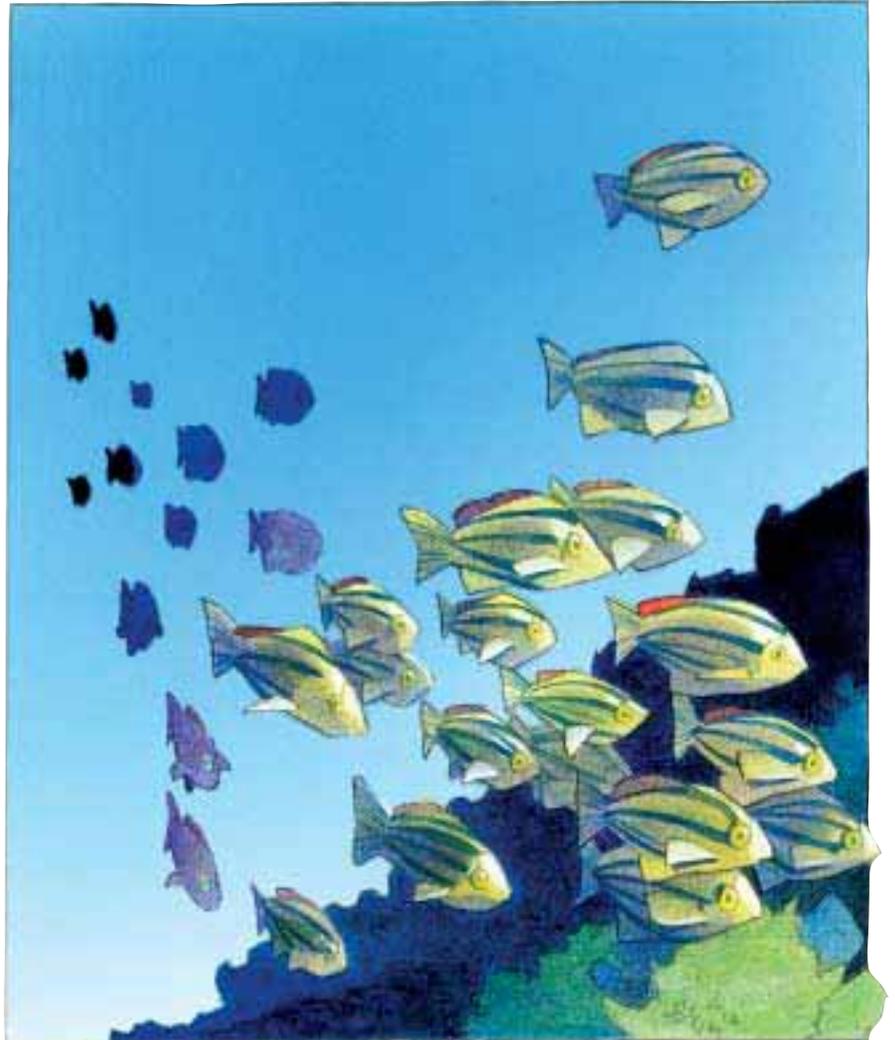

ABOUT THIS REPORT

The Popular Report provides an overview of the operations of Manatee County's constitutional offices:

- Board of County Commissioners, Port Authority and Civic Center Authority
- Clerk of the Circuit Court & Comptroller
- Property Appraiser
- Sheriff
- Supervisor of Elections
- Tax Collector

This report also provides an overview of the areas of responsibility for each county department and the Constitutional Officers.

The financial information presented here is in summarized form, and does not substitute for the County's Comprehensive Annual Financial Report (CAFR). The CAFR outlines the County's financial position and operating activities for the year in great detail and in conformity with generally accepted accounting principles. Our Popular Report includes a condensed statement of net assets and statement of activities with previous year comparative data as well as an overview of county functions and historical data. This Popular Report, because of its summary nature, does not conform to generally accepted accounting principles and associated reporting standards set forth by applicable governing bodies.

The presentation reflects county operations divided into two major categories: governmental and business-type.

Governmental activities are those primarily supported by tax dollars for services such as libraries, emergency medical services, law enforcement and transportation. The governmental category can be further subdivided between operations and capital activities. Capital project activities are dollars spent to construct, acquire or improve major facilities of the government.

Business-type activities offer goods and services of the county for sale and are intended to be self-supporting. Examples are Port Manatee and the county's water and sewer system.

MANATEE COUNTY GOVERNMENT

Manatee County government operates under a constitution adopted in 1921. This constitution established a governing body known as the Board of County Commissioners, which is made up of seven residents elected by county voters. The commissioners' offices are in the County Administrative Center where public meetings are held. The commissioners also serve as the Port Authority and the Civic Center Authority.

In addition to the seven County Commissioners, voters elect five constitutional officers: Clerk of the Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections and the Tax Collector.

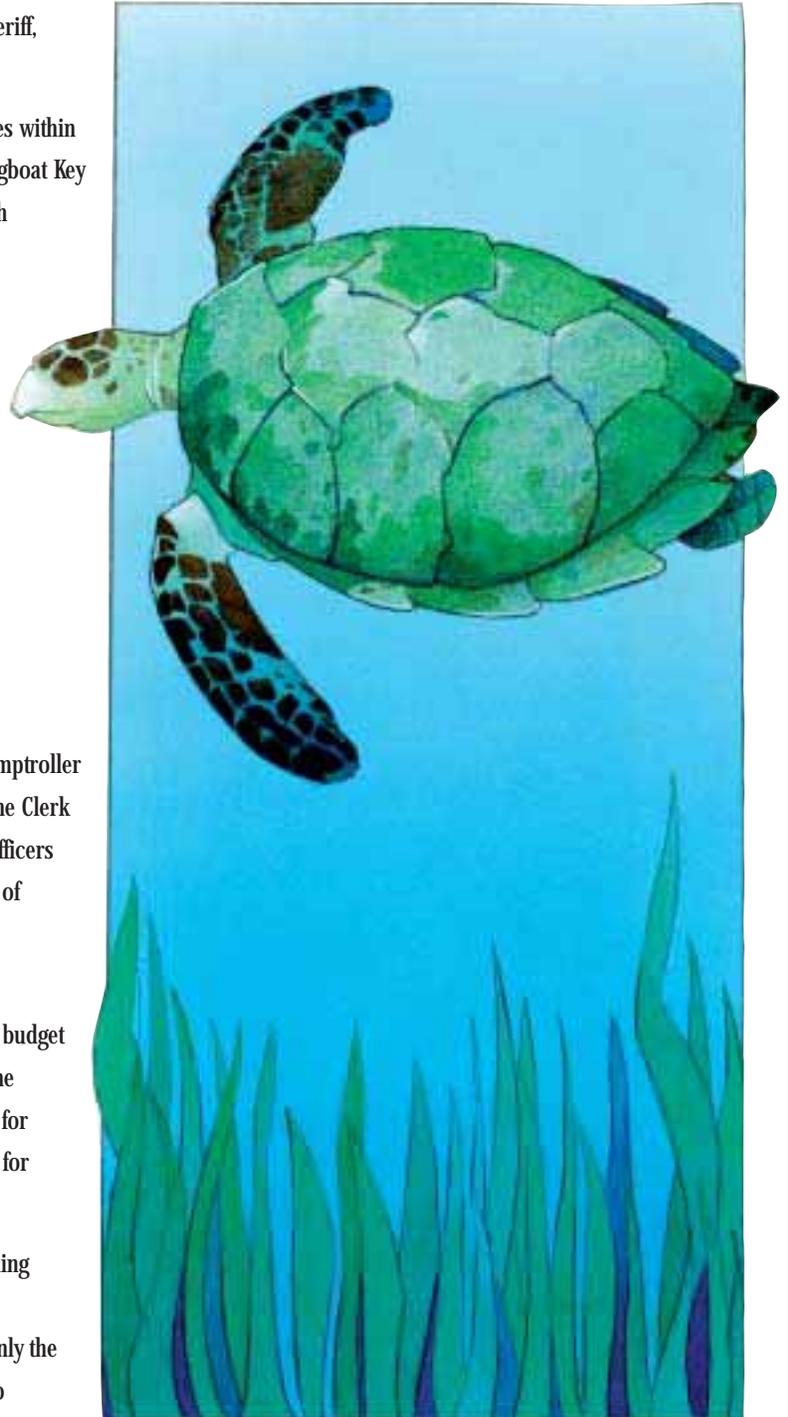

Encompassing 740 square miles, Manatee County has six incorporated cities within its borders: Anna Maria, Bradenton, Bradenton Beach, Holmes Beach, Longboat Key and Palmetto. Each is governed by city councils elected by residents of each respective city.

FISCAL RESPONSIBILITY

The Board of County Commissioners and the Clerk of Circuit Court and Comptroller share in the fiscal responsibility of Manatee County. The Commission and the Clerk of the Circuit Court and Comptroller are separately elected constitutional officers and vested with separate powers, according to Florida law. This separation of power provides checks and balances within the county government to help safeguard the assets of the county.

The Board of County Commissioners is responsible for adopting an annual budget for all departments under the commissioners. The budget is prepared by the Department of Financial Management and presented to the commissioners for approval. The budget governs expenditures by the departments. It is illegal for department managers to exceed their budget.

The Clerk of the Circuit Court and Comptroller is responsible for safeguarding Manatee County assets and is personally liable for any losses due to illegal payments. A key part of this responsibility is the control of county funds. Only the Clerk can disburse funds. Before monies are disbursed, all expenditures go through a rigorous preaudit process. The Clerk must ensure that all expenditures are legal, budgeted and in compliance with county policies and procedures. As an extension of these responsibilities, the Clerk's office also prepares the financial statements of the county.

FISCAL YEAR 2003

CLERK OF THE CIRCUIT COURT AND COMPTROLLER

The office of the Clerk of Circuit Court, an elected public trustee, was established by the Florida Constitution over 150 years ago. Responsible for 926 separate duties, the Clerk is accountable to the citizens of Manatee County, not to any elected official, thereby creating a system of “checks and balances” at the county level that has served the public well.

The Clerk oversees a complex organization that performs a wide range of record keeping, information management and financial management in the judicial system and county government.

The Clerk serves as the:

- Chief Financial Officer, accountant and auditor to the Board of County Commissioners, Port Authority and Civic Center Authority.
- Custodian of public records, public funds and public property.
- Clerk of the Circuit and County Courts, 12th Judicial District.
- Collector and distributor of court fines and fees, child support and alimony payments and statutory assessments.
- Maintains court records and ensures that the courts’ orders, judgments and directives are carried out within the parameters allowed by law.

R. B. “Chips” Shore has served as Manatee County Clerk of the Circuit Court and Comptroller since 1976. During his tenure as Clerk, a number of his major initiatives have involved incorporating technology and automating operations.

FINANCE

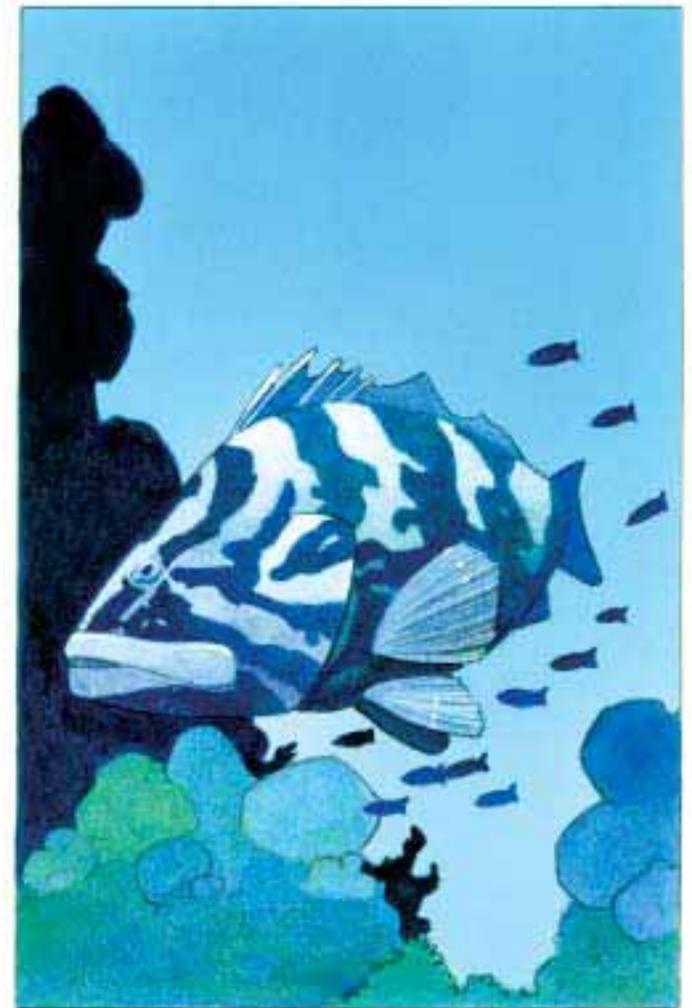

The Finance Department is responsible for carrying out the Clerk’s duties as the county’s chief financial officer and comptroller for the Board of County Commissioners, Port Authority and Civic Center Authority. Those duties include pre-auditing disbursements made on behalf of the county. He may refuse to sign and deliver a county warrant for any unlawful expenditure.

The Finance Department also processes payroll for the Board and the Clerk, manages the county’s investment portfolio, maintains the records and conducts annual physical inventories of capital assets for the Board, Clerk, Property Appraiser, Supervisor of Elections and Tax Collector and, as the accountant to the Board, prepares all financial reports.

Each year, the Finance Department produces the County’s Comprehensive Annual Financial Report, the Public Utilities System Annual Financial Report, The Manatee County Port Authority Comprehensive Annual Financial Report, as well as individual statements and reports for the Clerk of the Circuit Court.

BOARD RECORDS

Board Records maintains the records of the official actions of 16 boards and committees in Manatee County. This includes taking minutes of the board meetings and keeping the official records, as well as files and exhibits of official actions. Board Records keeps electronic minute books, scans documents, and offers on-line verification of those minutes and documents. These actions improve the on-line availability of the records to the public.

OFFICIAL RECORDS

The Clerk of the Court is the official record keeper of all instruments required by law to be recorded. Official records are documents such as deeds, leases, mortgages, tax warrants, evictions or other documents relating to the ownership, transfer or encumbrance of real or personal property. Examples of other types of documents recorded in the official records are such items as judgments entered by the courts, tax liens, and bankruptcy petitions and orders.

Official record documents are electronically scanned, indexed and made available on the Clerk's Internet site, www.ManateeClerk.com, upon being recorded. The indexing of documents allows various searchers to review the history of property or legal documents and cases involving a person or business.

The Clerk is also responsible for storing and destroying, as approved by law, the records of various court and county departments.

CLERK'S ACCOUNTING

Clerk's Accounting serves as a central collection point for all funds received at the courthouse by the Clerk's Office and remits funds to appropriate government agencies. Payments range from traffic fines and child support payments to fees for marriage licenses and ceremonies. Clerk's Accounting also operates a second cashiering office in the County Administrative Center and collects payments for various county departments such as Utility Operations and the Building and Planning departments.

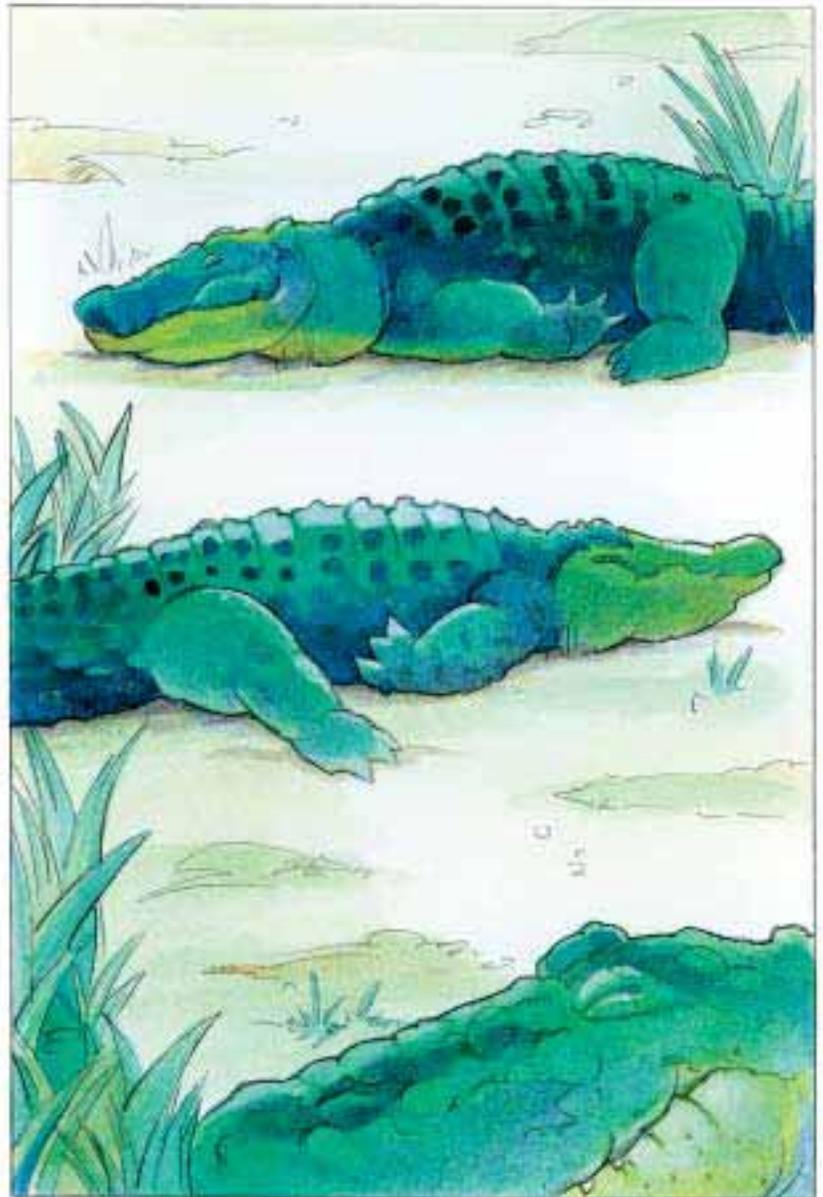

INTERNAL AUDIT

During the course of any given fiscal year, the departments that are part of Manatee County government receive budgets approved by the Board of County Commissioners that are allocated to carry out various functions and projects. There are also numerous non-profit agencies that also enter into contractual agreements for funding services and programs. Internal controls are in place for the purpose of assuring the budgets are spent as they were originally intended.

Internal Audit measures and evaluates the effectiveness and efficiency of internal controls that have been established. In addition to the financial controls, Internal Audit also performs compliance and operational audits, provides assistance to external auditors and investigates fraud. To make fraud reporting easier for the public, Internal Audit has established a 24-hour fraud hotline at 941-742-5938 as well as an on-line fraud reporting form.

Additionally, Internal Audit is offering more consultative work to county management. The auditors work with various department managers, at their request, to examine systems and operations to ensure maximum efficiency and compliance.

The Department of Financial Recovery is a new department created to collect fines, fees, court costs and judgments in Manatee County. The Department sends letters; contacts defendants by phone and home visits; and establishes and monitors payment contracts for amounts assessed in conformance to state laws by the judges.

COURTS

The Florida Constitution charges the Clerk of the Court with the responsibility of maintaining the records of both the circuit and county courts, and ensuring that the courts' orders, judgments and directives are carried out within the parameters allowed by law. The Clerk's office does this by processing new cases, preparing court dockets, attending all criminal proceedings and recording disposition of cases, and preparing and recording judgments.

The Clerk is required by law to summon jurors who are needed in trial courts and pay the jurors for their service.

Circuit court cases include criminal felonies, juvenile delinquencies and dependencies, probate, guardianships, civil actions such as divorces, adoptions, child support, mortgage foreclosures, and suits over \$15,000.

County court cases include non-criminal traffic and misdemeanors such as shoplifting, reckless driving, battery, assault, driving under the influence, and civil cases such as small claims, evictions, and suits under \$15,000.

Criminal, civil and traffic court case management information is available on-line on the Clerk's website, www.ManateeClerk.com.

PROGRAMS AND SERVICES

CHILD SUPPORT ENFORCEMENT

Child Support Enforcement began operation under the Clerk in 1985, when collections were approximately \$5,000 per month. That figure has grown to over \$1.5 million per month.

Staff attorneys represent custodial parents in civil litigation involving paternity establishment, child support establishment, modification and enforcement. This department handles cases in which the custodial or non-custodial parent lives either in Manatee County, Florida, another state, or foreign country where reciprocal agreements exist for child support services.

By law, these services are provided to custodial parents or caretaker relatives who receive public assistance and/or Medicaid for the child in their care. Parents not receiving such assistance may contract for those services for a nominal, one-time application fee.

Child support enforcement for uncooperative parents can be done through several methods such as drivers' license suspension, wage withholding, and interception of Internal Revenue Service refunds, unemployment compensation and lottery winnings.

Funds paid for court-ordered support cases are collected through the State's central depository that processes and disburses the funds to the custodial parent.

CITIZENS REVIEW

Sponsored by the Clerk's Office, Citizens Review is a volunteer program in which panel members review the cases of the abused and neglected children of Manatee County and report their findings to a judge.

The goal of the program is to provide a safe, loving and permanent home for the children. The volunteers achieve this goal by making sure that all services available to the families are offered, by holding all parties responsible for their specific tasks dictated by the case plan, by keeping the lines of communication open and by ensuring that no child remains in the system longer than necessary. Manatee County currently has seven citizen review panels, constituting 38 volunteers that reviewed approximately 401 cases this year.

TEEN COURT AND TEEN COURT TOO

Teen Court and Teen Court Too were established by the Clerk to provide early intervention of young offenders to prevent a pattern of criminal behavior.

Children, ages 10-17, who meet certain criteria are referred to the programs by law enforcement agencies, juvenile court and school resource officers. Teen Court and Teen Court Too volunteers, who are in middle and high school, perform the roles of prosecuting and defense attorneys, clerks, bailiffs and jury. Local attorneys, who volunteer their time, act as the judge and are the only adults directly involved in the proceedings.

Offenders accept the consequences of their acts through community service, serving on jury duty for other Teen Court cases and any other disciplinary measures sanctioned by the Teen Court jury. The Clerk, in conjunction with the Manatee County Bar Association, sponsors an annual mock trial competition where area high schools prepare and present cases as attorneys and witnesses. The winner goes on to state competition.

VIOLENCE PROTECTION

The Clerk's Violence Protection Advocate division provides assistance to victims of domestic and repeat violence. They help victims by explaining the procedures involved in filing a petition, processing the temporary injunction, attending the hearing for final injunction and requesting modifications, reporting violations of repeat violence and assisting in the criminal prosecutions.

HISTORICAL RESOURCES

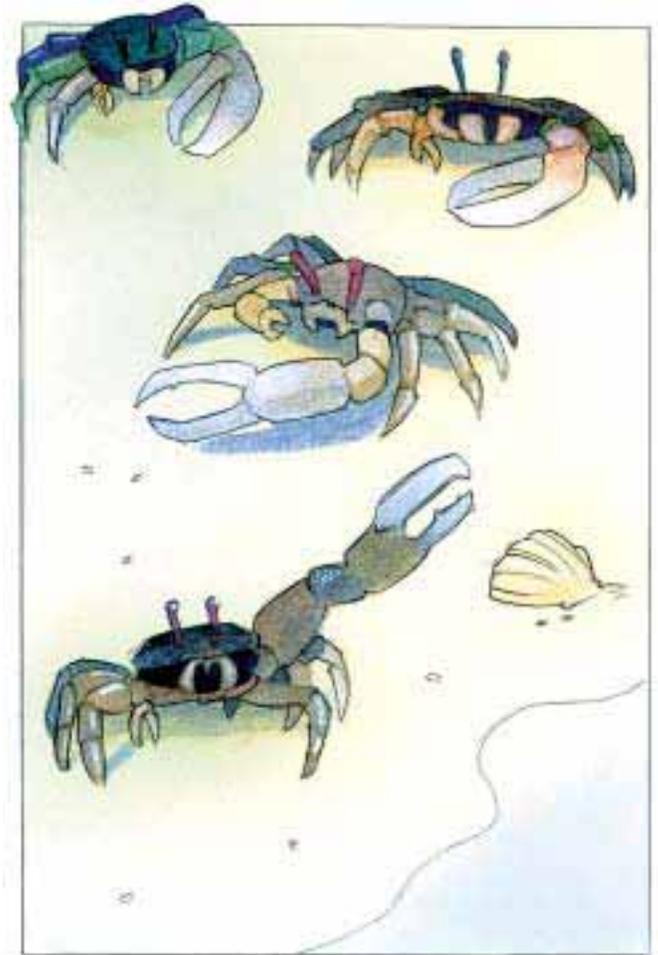

The Historical Resources division is responsible for the management of the Manatee Historical Village Park, Historical Records Library, the Palmetto Carnegie Library and the Agriculture Museum. Visitors to the Manatee Historical Village Park experience the lifestyles of pioneer families. The park includes the first county courthouse, a sugar cane mill, a pioneer farm, a boat works, a schoolhouse and a church as well as the Wiggins General Store. Many of the structures have been moved to the park and carefully maintained or restored as closely as possible to their original state.

Built in 1918, the Carnegie Library served as Bradenton's public library until 1978. To preserve the early records of Manatee County and to make them available to historians and genealogists, it was re-opened in 1979 by the Clerk as the Historical Records Library. It was the first archival library of its kind in Florida. Deed books, marriage licenses, probate files and county commission records, as well as court minute books, are archived there.

The Palmetto Carnegie Library holds the histories of many families and businesses. Several restored buildings surround the Carnegie Library and together make up Palmetto Heritage Park.

Both Carnegie Libraries, in Bradenton and Palmetto, were required by the Andrew Carnegie Foundation to have a basement, unusual for most structures in Florida. It is also rare to have two Carnegie libraries so close to each other. It is believed the grants were given because both communities were thriving in the early part of the century. However, without a connecting bridge, the two cities remained isolated and each required its own library.

The Manatee County Museum of Agriculture highlights the important role agriculture has played in our community. At the museum, visitors can explore the past through photographs, machinery, exhibits, slides and video presentations.

SUPPORT SERVICES

CLERK'S TECHNOLOGY SERVICES

Clerk's Technology Services plans, assembles and maintains the information systems needed to support the duties of the Clerk of the Court in a timely, efficient manner. The department's director, analysts, programmers, technicians and support staff ensure that the Clerk's computer systems fulfill present needs as well as plan for the future.

HUMAN RESOURCES

The Human Resources Department consists of a director and assistant who are responsible for maintaining approximately 280 employment records. They accept and process all employment applications, which can now be downloaded off the Clerk's web site of www.ManateeClerk.com. The HR Department also administers policies, programs and benefit packages, looking for new approaches and innovative practices in all areas of HR management to help develop the Clerk's employees full potential for serving the citizens of Manatee County.

TRAINING

The Clerk operates an in-house training division whose primary goal is to train employees on all commonly used software programs.

CLERK OF CIRCUIT COURT

	2003	2002
Budget	\$ 14,415,843	\$ 13,949,425
Expenditures	14,092,171	13,329,934

The Board of County Commissioners governs Manatee County. It has seven members: one elected from each of five districts and two elected at-large for alternating four-year terms. The members select their chairman and vice-chairman for one-year terms.

Board meetings are held Tuesday at 9 a.m. and are open to the public. The commissioners also sit as the Manatee County Port Authority and Civic Center Authority, and elect officers separately for those entities.

The board makes policy decisions, which are implemented by an appointed county administrator who directs the activities of county employees. Ernie Padgett has served as county administrator since April 1995.

The Board of County Commissioners budgets and provides funding for the various county departments and the operations of the constitutional officers. Fees collected by the Clerk of the Circuit Court and Comptroller and the Tax Collector provide partial funding for the budgets of those offices.

COUNTY DEPARTMENTS

GENERAL GOVERNMENT OPERATIONS

ADMINISTRATION

The Board of County Commissioners appoints the county administrator. The administrator has executive powers and carries out the policy decisions of the commissioners. Under the administrator's direction, county departments and offices provide Manatee County residents with services, information and programs. In addition to the lands management function being located in the Administrator's office, the intergovernmental relations function has recently been added.

ADMINISTRATION

	2003	2002
Budget	\$ 1,513,603	\$ 1,439,645
Expenditures	1,492,445	1,438,784

AGRICULTURE AND NATURAL RESOURCES

The department provides educational programs and services related to agriculture, 4-H and youth development, family and consumer education, marine science and resources, and urban horticulture.

Agriculture contributes approximately \$500 million to the annual economy of Manatee County. Approximately 55% of the land in Manatee County is being used for farmland, including crops, pasture land and reforestation. The County ranks in the top ten among Florida's 67 counties in agricultural sales, producing approximately 40% of the tomatoes grown in Florida, which in turn produces over 70% of all fresh market tomatoes grown in the United States. The annual value of tomato production is \$200 million. Manatee County also ranks in the top 10 in the state in other vegetables including cucumbers, cabbage, watermelons, and potatoes.

Ornamental horticulture and related operations generate \$166 million for the County while livestock operations add approximately \$40 million. Forestry, citrus and commercial fishing combine for an additional \$35 million.

AGRICULTURE & NATURAL RESOURCES

	2003	2002
Budget	\$ 1,276,215	\$ 1,169,994
Expenditures	1,239,687	1,082,045

BUILDING

The Building Department monitors and regulates construction to protect public health and safety. The department reviews building permit applications and accompanying documents for consistency with all applicable codes. It licenses contractors, and disciplines those who violate building laws. The department imposes penalties on non-licensed activity, maintains the 100-year flood plan and conducts building inspections.

BUILDING

	2003	2002
Budget	\$ 4,882,080	\$ 4,327,013
Expenditures	4,402,827	3,932,128

COMMUNITY SERVICES

Community Services personnel identify, assemble and provide, both directly and via agency contract, an array of social services, resources and programs designed to meet the needs of Manatee County's youth, elders, and socially and economically disadvantaged citizens.

HUMAN SERVICES DIVISION administers more than \$14.543 million in funds to a variety of not-for-profit agencies and community based services. They also administer \$2.635 million in grant revenues.

COMMUNICATIONS is responsible for administering the cable franchise ordinances, and publishes an annual report and "Focus", a newsletter for county citizens.

HOUSING & COMMUNITY DEVELOPMENT administers the State Housing Initiative Program (SHIP) and the federal HOME investment partnership program entitlement with \$1.92 million of expenditures in fiscal year 2003. The housing division works cooperatively with the private sector to leverage available public sector funding.

PROBATION supervises misdemeanor cases, and provides assistance to the Manatee County criminal justice system through a variety of other services.

VETERAN SERVICES assists the county's military veterans and their dependents with health and other benefits claims as well as outpatient treatment transportation.

MGA is the County's government access television station, broadcasting programs regarding legislative and policy actions of county and state governments.

COMMUNITY SERVICES

	2003	2002
Budget	\$ 3,542,362	\$ 3,243,147
Expenditures	3,251,602	3,032,842

CONVENTION AND VISITORS BUREAU

The Convention and Visitors Bureau promotes Manatee County as a destination for business and leisure travel. It also oversees the Manatee County Convention & Civic Center and the Powel Crosley Museum.

CONVENTION & VISITORS BUREAU

	2003	2002
Budget	\$ 1,521,999	\$ 1,708,576
Expenditures	1,336,677	1,580,647

COUNTY ATTORNEY

The County Attorney's Office functions as an in-house law firm with a staff of lawyers, providing legal advice and trial representation to the Board of County Commissioners, its departments and offices.

The County Attorney reports directly to the Board of County Commissioners.

COUNTY ATTORNEY

	2003	2002
Budget	\$ 1,891,692	\$ 1,785,341
Expenditures	1,689,394	1,566,300

ENVIRONMENTAL MANAGEMENT

The Environmental Management Department strives to meet its mission of "managing our environmental resources for the demands of the present while envisioning the needs of tomorrow" through a wide variety of activities aimed at protecting air and water quality and natural resources, and ensuring that development complies with environmental provisions of the County Comprehensive Plan and Land Development Code.

ENVIRONMENTAL MANAGEMENT

	2003	2002
Budget	\$ 2,713,459	\$ 2,509,239
Expenditures	2,175,625	1,995,129

FACILITIES MANAGEMENT

This department plans and manages improvement and construction projects involving county buildings. It also provides for routine repair, maintenance and custodial services for county buildings and facilities.

FACILITIES MANAGEMENT

	2003	2002
Budget	\$ 8,115,935	\$ 6,994,263
Expenditures	5,752,062	5,467,628

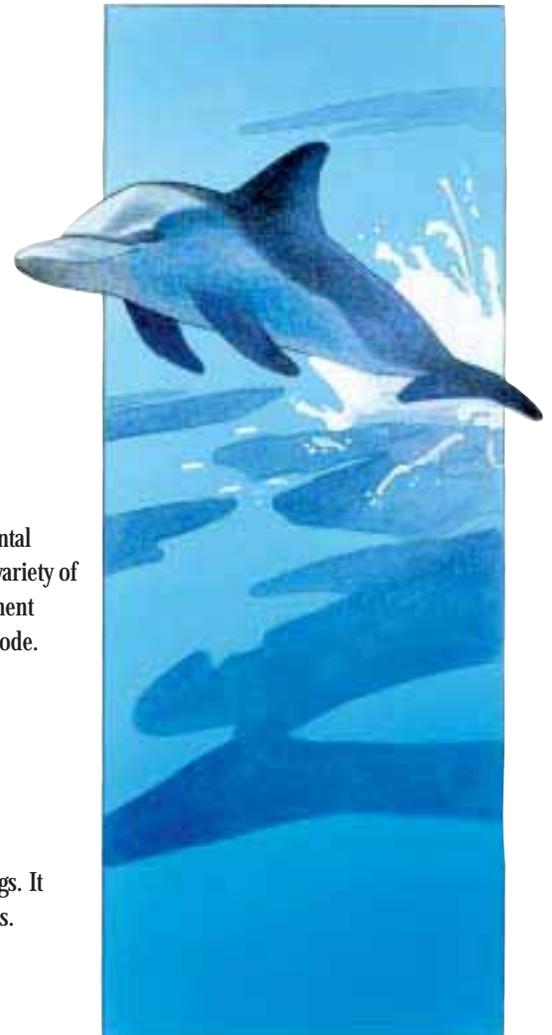

FINANCIAL MANAGEMENT

The Financial Management Department develops, reviews and implements the county budget, capital improvements program and related county policies. The department works closely with county departments, the county administrator and the Board of County Commissioners in all areas of financial management. It provides procurement and courier services for county departments and other agencies.

The department is also responsible for billing and collection of fees for emergency medical transportation and internal service funds for self-insured medical employee health benefits, warehouse stores and fuel stores.

FINANCIAL MANAGEMENT

	2003	2002
Budget	\$ 1,562,179	\$ 1,526,547
Expenditures	1,483,916	1,445,162

HUMAN RESOURCES

The Human Resources Department recruits and screens all candidates for county employment. It coordinates countywide programs that inform, educate, motivate and recognize the achievements of the county's employees, and also maintains personnel records and is responsible for retirement planning.

HUMAN RESOURCES

	2003	2002
Budget	\$ 759,603	\$ 841,629
Expenditures	757,691	804,750

INFORMATION SERVICES

The department manages governmental services that includes the Information Technology, Geographic Service and Library divisions. Information Technology plans, manages and coordinates software, hardware, and communications systems. Geographic Information Services is responsible for providing spatial analysis, spatial application development and cartographic support for the county. Library Services manages six branch libraries and a Bookmobile in addition to the main library.

INFORMATION SERVICES

	2003	2002
Budget	\$ 13,641,510	\$ 13,867,941
Expenditures	11,761,446	12,020,739

PARKS AND RECREATION

Parks and Recreation manages county parks, recreational areas, pools, beaches, racquetball and tennis courts, ballparks, playgrounds, picnic facilities and activity centers. Parks and Recreation schedules programs, lessons, trips and special events ranging from after school and summer camp programs to the Senior Olympics.

PARKS & RECREATION

	2003	2002
Budget	\$ 10,317,499	\$ 8,703,398
Expenditures	9,093,341	7,648,282

PLANNING

The responsibility for the County's Comprehensive Growth Management Plan lies with the Planning Department. The department implements the Land Development Code (zoning law), concurrency review and capital improvements programming. Planning also collects impact fees, reviews infrastructure construction drawings and administrative bonds. Planning administered \$279,310 of Community Development Block Grants and \$1,106,445 of FEMA and Flood Mitigation Grants this year.

PLANNING

	2003	2002
Budget	\$ 5,236,472	\$ 5,589,316
Expenditures	4,576,674	4,009,003

PROJECT MANAGEMENT

Project Management has three divisions. The PROJECT MANAGEMENT DIVISION is responsible for coordinating capital improvement projects and reviews utility construction drawings, performs survey and design of utility projects, maintains utility records and performs locate services for the utility system. The INFRASTRUCTURE INSPECTIONS DIVISION inspects the installation of county infrastructure, including roads and utilities. The FISCAL DIVISION processes all expenditures associated with the capital improvement program and the department's operations.

PROJECT MANAGEMENT

	2003	2002
Budget	\$ 1,341,302	\$ 1,459,833
Expenditures	1,253,648	1,027,745

PUBLIC SAFETY

This department, with a mission of proudly servicing our community with compassion, honor and commitment, has six divisions:

ANIMAL CONTROL enforces the animal control ordinances and statutes, shelters impounded animals, promotes responsible pet ownership, adoptions and reducing pet overpopulation.

CODE ENFORCEMENT ensures compliance with the county's Land Development Code and ordinances.

EMERGENCY COMMUNICATIONS CENTER is responsible for receiving 911 emergency calls, other calls and dispatching the appropriate resources.

EMERGENCY MANAGEMENT plans for, responds to, assists in the recovery from and mitigates the impact of natural and man-made disasters.

EMERGENCY MEDICAL SERVICES provides the citizens of Manatee County with full time emergency medical technicians and paramedic staff and around-the-clock advanced life-support medical services.

MARINE RESCUE DIVISION is responsible for protecting the safety of residents and visitors enjoying Manatee County's beaches.

PUBLIC SAFETY

	2003	2002
Budget	\$ 15,191,580	\$ 13,867,224
Expenditures	13,768,438	12,704,649

TRANSPORTATION DEPARTMENT

The Transportation Department is comprised of four governmental divisions:

TRAFFIC MANAGEMENT installs and maintains traffic signs, streetlights and traffic signals; stripes roadway pavement; conducts traffic studies; and gathers and assembles traffic statistics.

HIGHWAY MAINTENANCE is responsible for maintaining, repairing and improving roadways and rights-of-way. This includes grading and sweeping roadways; mowing roadside grasses; and removing debris from Manatee County highways. In addition, sidewalks, curbs, culverts, catch basins and roadside drainage require continual repair, clearing and improvement.

TRANSPORTATION ENGINEERING includes engineering, CAD operation, surveying, design, plan review and permitting. The division issues access, drainage and rights-of-way use permits for those wishing to install or work in county rights-of-way. Services also include road and bridge inspections and recommendations.

LAND ACQUISITION manages and acquires real property for road improvements, drainage, storm-water and utility projects as regulated by Florida law. Support is provided through research of public records and verification of property ownership.

TRANSPORTATION

	2003	2002
Budget	\$ 17,243,827	\$ 16,136,624
Expenditures	14,587,678	13,169,826

The Transportation Department also has two proprietary operations:

The STORMWATER MANAGEMENT DIVISION is responsible for the maintenance of canals, and numerous off-road pipes and their associated structures. This includes cleaning, restoration, mitigation and capital construction. The division conducts flood plain studies and prepares flood plain maps prepared and adopted by the Board of County Commissioners.

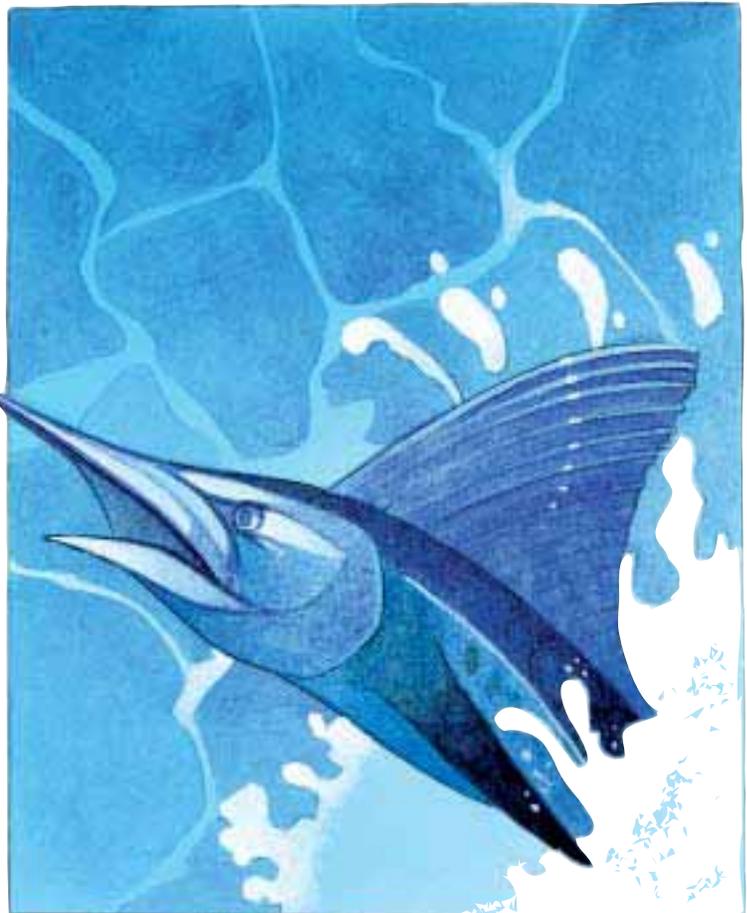

FLEET SERVICES DIVISION is an internal service division that furnishes a fleet management program for all commission departments. It operates three repair service facilities. The staff of 30 maintains approximately 1,240 small and large vehicles.

BCC COURT FUNDING

The Board of County Commissioners funds various costs to assist in the support of the state court system in addition to those costs expended by the Clerk of Circuit Court, including court costs, court administration costs, Public Defender and State Attorney costs.

BCC COURT FUNDING

	2003	2002
Budget	\$ 4,340,914	\$ 4,361,135
Actual	3,738,786	3,957,845

PROPRIETARY OPERATIONS

PUBLIC UTILITIES SYSTEM

The county provides public utility services through various operational and fiscal management divisions under a number of county departments. In 1991, the County combined its existing Water and Wastewater Systems, Solid Waste System and Stormwater Management System into one public utility.

The UTILITIES OPERATIONS DEPARTMENT operates the County's water and wastewater facilities and distribution and collection systems. The Water Division operates, maintains and monitors the County's drinking water supply drawn from the Lake Manatee Reservoir and the East County Wellfield at Duette Park. The Wastewater Division has three regional treatment plants that process wastewater into effluent usable for urban and agricultural irrigation. The department also provides for the planning, design, operation and maintenance of the Lena Road Landfill through the Solid Waste Division. The landfill operation handles approximately 1,900 tons of solid waste per day at the landfill.

The TRANSPORTATION DEPARTMENT through the Stormwater Division maintains and ensures the flood carrying capacity of the stormwater drainage system and develops and implements the Stormwater Management Plan.

The FINANCIAL MANAGEMENT DEPARTMENT manages the Utilities Customer Service Division which provides meter reading, billing and collection services for water, wastewater and solid waste customers. The division also coordinates the County's recycling program and operates the scalehouse at Lena Road Landfill. The countywide recycling program reaches approximately 135,900 single and multi-family residential households.

The INFORMATION SERVICES DEPARTMENT develops and maintains a digital base of geo-referenced information about the County's public utilities infrastructure and produces graphic display of the information.

The PROJECT MANAGEMENT DEPARTMENT provides engineering services for utilities projects and reviews development construction plans. The department also provides survey, locations and records support services for the utilities system.

The AGRICULTURE AND NATURAL RESOURCES DEPARTMENT administers the water conservation education program for the county utilities system.

The Utilities System's capacity to pay the principal and interest due on its bonds is referred to as "revenue bond coverage." Although the system is required to maintain revenue bond coverage of 115%, fiscal year 2003's coverage was 235%.

UTILITIES SYSTEM	2003	2002
Operating revenues and interest income	\$ 89,927,581	\$ 91,810,762
Grants and contributions	15,265,265	22,049,309

Net after depreciation	13,748,907	21,830,615

CONVENTION CENTER

The Manatee County Convention Center provides meeting space for major trade shows, sporting events, exhibitions, conferences and private parties. The Powel Crosley Museum provides conference space and an indoor or outdoor venue for both public and private events.

Both the Convention Center and the Powel Crosley Museum are managed by the Convention and Visitors Bureau.

CONVENTION CENTER	2003	2002
Operating revenues and interest income	\$ 1,007,157	\$ 1,044,729

Depreciation	(401,647)	(407,449)
Net after depreciation	(475,040)	(327,741)

GOLF COURSES

The PARKS AND RECREATION DEPARTMENT manages the county's two golf courses: Manatee County and Buffalo Creek. Each course is an 18-hole facility, which operates as separate and distinct proprietary enterprises. The courses provide residents and visitors with year-round access to golf, clubhouse and pro-shop facilities. Activities include tournaments and special hosted events.

GOLF COURSES	MANATEE COUNTY		BUFFALO CREEK	
	2003	2002	2003	2002

Net after depreciation	(680,463)	2,153,221

PORT MANATEE

Port Manatee is the fifth largest of Florida's 14 deepwater seaports. As the major shipping gateway to our community, the Manatee County Port Authority manages the 1,098-acre facility, which is home to the importing and exporting of many agricultural and industrial products. It hosts shipments of orange juice and other citrus juices and beverages, forestry products, bananas, melons, aluminum, steel, paper products, linerboard, wood pulp, petroleum products, construction-grade aggregate, cement and fertilizer.

During 2003, the Port renovated and extended Berth 5 to 1,200 feet, opening the door to increased shipments of bulk products. A 140,000-square-foot warehouse was constructed to accommodate increased shipments of Brazilian and Argentinean forestry products. The U.S. Army Corps of Engineers embarked on Phase II of a major dredging project. A wider turn into the Port Manatee Channel and a new turning basin make room for larger ships, and a comprehensive maintenance-dredging program is underway.

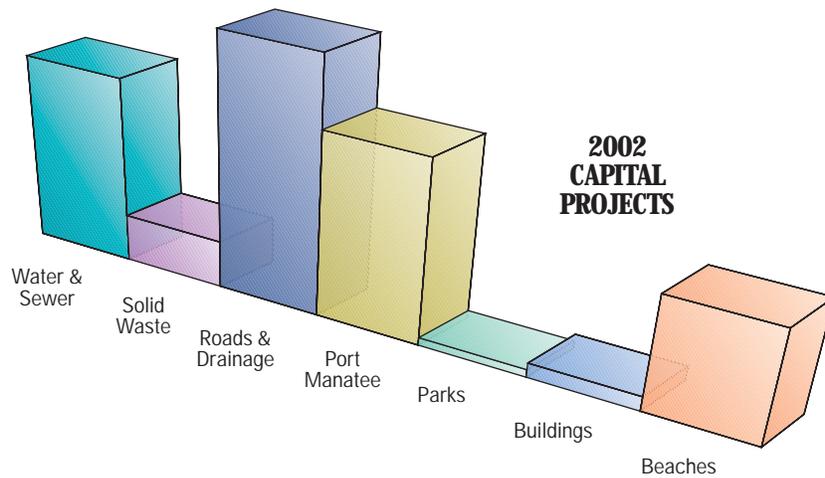

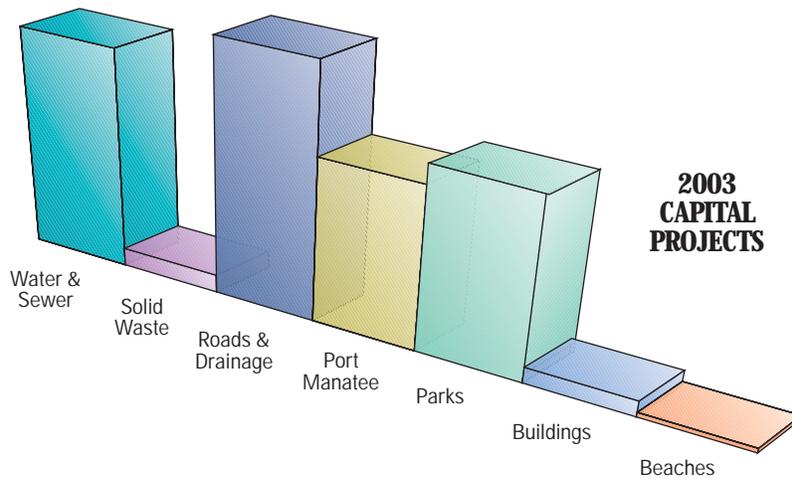

PORT MANATEE	2003	2002
Operating revenues and interest income	\$ 11,252,573	\$ 14,634,245

Total	\$ 58,159,557	\$ 60,913,477

INVESTMENT POLICY

During fiscal year 2003, the County's investment portfolio ranged from \$366-460 million. Although most of this money is obligated to various projects, it is invested to provide interest income that is budgeted as a revenue source. The Clerk of the Circuit Court and Comptroller invests this money according to a written investment policy approved by the Board.

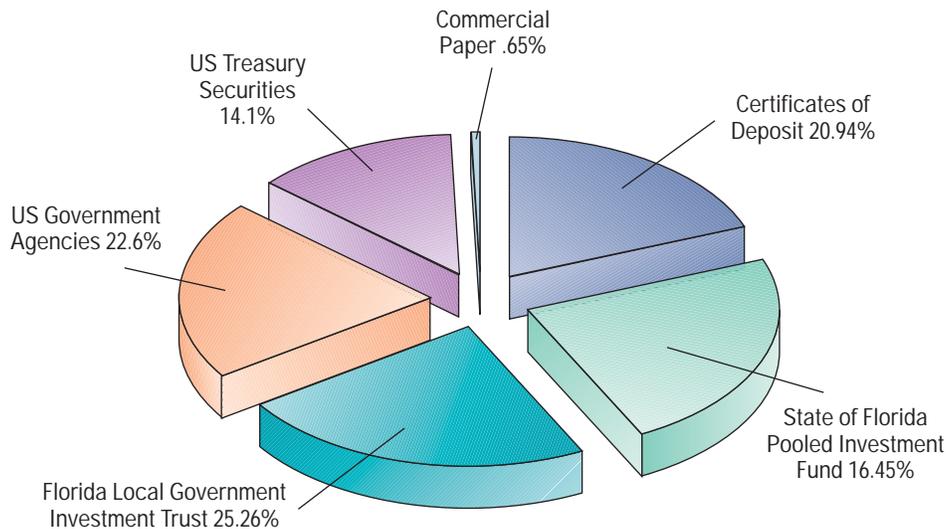

This policy dictates how the County's money, or portfolio, can be invested. The policy first assures that any investments are of a minimum risk. Although sometimes higher interest rates are bypassed to do this, the primary concern is to prevent any principal being lost through unsafe investments. The policy also assures liquidity, or that cash will be available as needed to pay any bills. The third criteria to be considered is yield or interest rate. Given risk and liquidity are the same for different investments, the final selection will be based on the highest yield.

The Clerk invests frequently, diversifying the portfolio to generate the highest yield possible. During fiscal year 2003, the investments made by the Clerk earned an average of 2.483% and generated \$10.3 million in investment earnings. The chart below is a breakdown of the portfolio by types of investments.

INVESTMENTS

State of Florida Pooled Investment Fund	\$ 63,636,810
